we are indigo

For the unpredictability of life.

Competition, customer relationships, and an ever-evolving workforce have made constant adaptation critical. In this environment, your employees are your greatest assets, and it's more important than ever to offer them the strong sense of security that will keep your business strong. That's where Indigo comes in.

Indigo Insurance Services, LLC specializes in affordable life and disability plans for businesses like yours. With our options, your employees will be prepared for life's unexpected events. That gives them peace of mind, and provides you with comprehensive benefits that set you apart from the competition.

Planning for the future isn't always easy, but with Indigo, you'll always be a step ahead.

We make it easy for you to add or transfer life and disability coverage with absolute confidence.

For your business, your employees, and for the future—**choose Indigo.**

the spectrum of services

Our broad product portfolio features plans and competitive rates that fit just about any business model, from the small closely held business to large multi-site employers. Best of all, our one-stop shopping experience makes it easy for you to add life and disability plans with the highest level of security and reliability. Our options include:

Group* and Voluntary Group Term Life**

This protection is essential, designed to provide benefits to the beneficiary for loss of life.

Group* and Voluntary Accidental Death & Dismemberment (AD&D)**

Provides benefits to the insured for loss resulting from accidental death or dismemberment.

Dependent Life*

Your employees' families need coverage too. Additional life coverage may be purchased for employees' dependents at reasonable rates.

Group* and Voluntary Short-Term Disability**

Short-Term Disability coverage is invaluable. It is designed to provide partial income replacement for employees who become disabled as a result of accident, illness, or pregnancy.

Group* and Voluntary Long-Term Disability**

Long-Term Disability coverage, often referred to as “paycheck protection,” usually begins where short-term disability leaves off. Policy features include rehabilitation, family care credit, three-month survivor benefit, and workplace modification.
